No. 1823-2003-PL

ii. FUEL STORAGE TANK LOCATION

Fuel storage tanks shall be installed in accordance with the provisions of the Technical Standards Safety Authority.

i. DRIVEWAYS, RETAIL GASOLINE ESTABLISHMENTS

Notwithstanding the provisions of Subsection 10.18 of this By-law, the following provisions shall apply to driveways established in conjunction with a retail gasoline establishment as herein defined; namely:

- i. the maximum width of a driveway measured along the sidewalk, where such exists, and along the street line shall be 9 metres;
- ii. the minimum distance between driveways measured along the street line intersected by such driveway, shall be 9 metres.
- iii. the minimum distance between a driveway and an intersection of street lines, measured along the street line intersected by such driveway, shall be 9 metres;
- iv. the minimum distance between an interior side lot line and any driveway shall be 3 metres; and
- v. the interior angle forward between the street line and the centreline of any driveway shall not be less than 45 degrees.

By-law  
No. 1212-93-PL

j. INTERIOR SIDE YARD

Where the interior side lot line in a Local Commercial (C2), Special Purpose Commercial (C3), Highway Commercial (C4), Hamlet Commercial (HC) and Resort Commercial (RC) Zone abuts a Residential Zone, the interior side yard width shall be increased to 9 metres. In the case of an interior side lot line in a General Commercial (C1) Zone abutting a Residential Zone, the interior side yard width shall be 3 metres.

k. RESORT, MOTEL OR CABIN ESTABLISHMENT - SPECIAL YARD PROVISIONS

i. DISTANCE BETWEEN BUILDINGS

Where two or more buildings are erected on the same lot, the minimum distance between two external walls facing and parallel to each other, both of which contain openings or windows to habitable rooms, shall be 9 metres; provided that where only one of the walls contains openings or windows to habitable rooms the distance may be reduced to 6 metres, and where neither wall contains openings or windows to habitable rooms, the distance may be reduced to 3 metres.

ii. COURTS

Where a building erected on a lot is in a court form, the distance between the opposite walls of the building forming the court shall not be less than 22 metres.

iii. EXTERIOR WALL

Where the exterior wall of a guest room contains a habitable room window such wall shall be located not closer than 8 metres to any interior side or rear lot line.

By-law  
No. 1212-93-PL

I. HOTEL, MOTEL, TOURIST HOME - SPECIAL LOT AREA PROVISIONS

Where a dwelling unit is located in a portion of a non-residential building, an additional 372 square metres of lot area shall be provided where no sanitary sewers and no water supply are available, and an additional 186 square metres of lot area shall be provided where a municipal water supply only is available.

m. MARINA - SPECIAL YARD PROVISIONS

Notwithstanding any other provision of this By-law to the contrary where a marina abuts a Residential Zone, the minimum dimensions of the required yards abutting such Residential Zone shall be increased to fifteen (15) metres.

n. FRONT OR EXTERIOR SIDE YARD

Where the front and/or exterior side yard abuts a Zone designated other than Industrial, the minimum yard depth abutting such Zone shall be increased by 9 metres.

o. INTERIOR SIDE YARD

Where the interior side lot line is the boundary line between an Industrial Zone and a Zone designated other than Industrial, the minimum interior side yard width abutting such Zone shall be increased by 15 metres.

p. REAR YARD

Where the rear lot line is the boundary line between an Industrial Zone and a Zone designated other than Industrial, the minimum rear yard depth abutting such Zone shall be increased by 9 metres.

q. YARDS, SETBACKS, PLANTING STRIPS FOR INDUSTRY

i. HEIGHT OF BUILDING

If any portion of a building is erected above a height of 9 metres, such portion must be set back from the centreline of the abutting street or from the front, side or rear lot line, as the case may be, in addition to the minimum setback, front, side or rear yard requirements of this By-law, a further distance of one metre for each metre by which such portion of the building is erected above a building height of 9 metres.

ii. PROPERTY ABUTTING RESIDENTIAL ZONE

Where the interior side or rear lot line abuts a Residential Zone, planting strips adjoining such abutting lot line or portion thereof shall be provided on the lot in accordance with the requirements for planting strips set out in Subsection 10.20 hereof.

iii. PROPERTY ABUTTING RAILWAY

Notwithstanding any other provisions of this By-law to the contrary, where any lot line or portion thereof abuts a railway right-

of-way, no interior side or rear yard shall be required along that portion of such lot line which so abuts the railway right-of-way.

r. **USE OF FRONT AND EXTERIOR SIDE YARD**

Required front and exterior side yards shall be kept open and unobstructed by any structure or parking area for motor vehicles, except for visitor parking areas.

s. **SETBACK**
