

Expert Team

Gordon's Downsizing & Estate Services, Experience You Can Trust In.

REAL ESTATE EXPERTS:

40 Years Strong

Our team holds a number of Senior Real Estate designations and has developed from decades of listing houses with a single purpose; getting them sold!

At Gordon's our unique approach means that we consistently offer a 98% SUCCESS rate. Compare this to the average market across Ontario which has a List to Sale rate of about 60-65%. That means if 100 houses are listed only 60 will sell. Not the best odds for a goal driven seller.

MOVE MANAGEMENT:

20 Years Strong

Gordon's Estate Services has been integrating Move Management with our real estate services for over 20 years. We hold the Circle of Service distinction with the National Association of Senior Move Managers. Gordon's also teaches the Canadian Certified Relocation and Transitions Specialist course. We always have a senior focus. Our typical client is someone who is downsizing, estate executors/trustees and power of attorneys. We do not chase all corners of the market (i.e. first time home buyers, military families) instead we have found our niche and continue to deliver high level service.

SALE OF GOODS:

60 Years Strong

Gordon's Downsizing & Estate Services is not a start up. Even though our holistic approach to real estate, move management and sale of goods is innovative, we've been doing this for a long time. With origins in the live auction industry we've cut our teeth on tried, trusted and true sales methods that work. Over the last 8 years we've adapted these methods to include online sale methods and our clients are reaping much larger rewards.
