

For many people, buying or selling a home is part of something bigger. A move to retirement living. A downsizing decision. The settlement of a family estate.

When life changes, there can be a lot to manage. You don't need to know every step. **Just the first one.**

At Gordons Real Estate Brokerage, we help families, estate trustees, and professionals navigate life's major transitions with confidence. From real estate services to downsizing and estate settlement support, everything works together under one roof.

Since 1958, we've been the trusted partner people turn to when the details feel overwhelming. Our experienced realtors, project managers, downsizing specialists, and appraisers work together to ensure every project is managed professionally, efficiently, and with care.

Thank you for your interest in this property. If you have any questions, our team would be pleased to help.

UNDER ONE ROOF.

PROPERTY INFORMATION

An excellent investment opportunity in the heart of downtown Picton. This fully tenanted, multi-unit commercial property offers long-term stability, government tenancy, and quality construction on a large, serviced lot with extensive parking. The building comprises 12,392 sq. ft. of total improved space, with 11,688 sq. ft. of interior leased area, including a 350 sq. ft. garage. The site spans 0.835 acres (36,373 sq. ft.) with approximately 77.88 feet of frontage along King Street.

Constructed in 1970 and substantially renovated in 1993, the structure is of concrete block and wood frame construction with an acrylic stucco and block exterior. The main flat roof system was replaced in 2020 with a TPO membrane. The property is serviced by full municipal infrastructure and zoned CG-6 – General Commercial with Special Provisions, allowing for a wide range of uses.

The building is fully occupied by three strong tenants, including Community Living Prince Edward and the Province of Ontario (Ministry of the Attorney General – Court Services). All units are separately metered for hydro, natural gas, and municipal water/sewer, and the building features a comprehensive fire alarm system and 3-phase 400-amp service. HVAC is provided by five high-efficiency rooftop gas units, with regular updates and maintenance.

A generous paved parking lot with 55 on-site stalls supports tenant and visitor needs, with assigned spaces for tenants and additional unallocated parking. Additional metered and free parking is located nearby.

Priced to reflect a 6.6% capitalization rate, this is a turnkey investment in a growing community with strong municipal, institutional, and commercial infrastructure. Located close to the Picton Harbourfront redevelopment, the Royal Hotel, and the Edward condominium complex, the property is well positioned for long-term value.

An NDA is required to receive copies of financials and leases. No indoor showings will be allowed until an offer has been accepted, conditional upon viewing the property.
