

We hope you enjoy this home as much as we have for the past 11 years.

After the summer we had last year, the pool was well appreciated. Lots of privacy as well.

Our lot is flat which is certainly another perk.

You will also find that the front alcove is the perfect place to put your blue boxes and recycling green bin. Out of sight and easy to utilize.

The oversized double garage has also been well appreciated. Is capable of having our Chevy Silverado parked inside plus another vehicle.

The neighbours are great and always willing to help if needed. Very nice neighbourhood.

Close to golf, conservation areas and parks, CFB Trenton and the 401.

If it wasn't for our age and some health issues, we would never leave.
